

Today, July 20th, we met with the County to continue our contract negotiations.

We meet 4 hours so the County could provide counter proposals.

The union's bargaining team's initial assessment of the County's proposals is that the County's proposals fall significantly short of what the union proposed. Our proposals are based on your priorities.

Your union's bargaining teams will present proposals for both the Nurses and General Unit to the County on July 31st.

Please see the [bargaining tab](#) at the local2831.org website to see the Tentative Agreements and previous bargaining updates.

We have one additional bargaining date scheduled for July 31st.

Bargaining lunches have been scheduled around the county. Please bring your own lunch.

7/26 @ noon PW Goodson Rm

8/2 @ noon PSB Community Conference (in basement next to Café)

If you have any questions and concerns about bargaining, please contact a bargaining team member. We are happy to answer any questions!

In solidarity,
